HIGH SCHOOL
ERECTED 1923

FOREWORD

The members of the Coronal Staff
present to you the result of their work.
From the first meeting, their slogan has
been, the best Coronal that they could
produce.

They have all worked - some
more, - some less - but all in all the
Staff has put forth their best efforts,
and this book is the result.

CLERK

The 1936 Coronal records on its pages the events of another school year! This record for the year 1935-1936, has been the most outstanding of any in the past several years.

The emphasis on scholarship and its importance in Corona High School is shown by the increase in this society's membership. The Executive Board and the student body have met the numerous school problems squarely. Introduction of the merit system, the champion debate team's record and the honors in public speaking, oratory, dramatics, and athletics are all indications that our standards have attained new heights and have created an atmosphere truly typical of Corona High. We are proud of our school.

Frank E. Bishop
SUPERINTENDENT OF SCHOOLS

Congratulations to the Annual Staff are in order for the improved book put out this year. It compares favorably with annuals put out in much larger schools with greater resources at hand. The work is being recognized by making the Editor and Business Manager elective student body offices for the first time. Again congratulations and wishes for further improvement next year.

J U N I O R S

Consistently ever since its freshman year, the class of 1937 has been represented in athletics, debate, scholarship, operettas, Lemonville, and other school activities.

This year the girls have won interclass championships in basketball, volleyball, and hockey. The boys have contributed outstanding players to football, basketball, and track teams. The class play, Aurania Rouverol's "Growing Pains," was acclaimed by many "the best amateur play I've ever seen."

As the senior-junior party began the year, so for the class of '37 the junior-senior banquet ends it.

With an enrollment of 127 as of February 1936, the present Sophomore class is the largest tenth grade in the history of this high school. Another noteworthy fact is that the boys outnumber the girls by about a score.

The contribution to Lemonville was an amusing skit, "The Old Family Album," which was ably written and presented by members of this class. In an assembly program given in November the Sophomore entertained with a pantomime called "The 5:40 Train," several vocal solos and a rope throwing demonstration.

An unusually high percentage of memberships in the Honor Society reflects credit upon the class of 1938 as does also their record in various branches of athletics.

F R E S H M E N

The Freshman Class is composed of the largest group of students ever to graduate from Junior High. They entered into high school activities with zeal, and gained a place for themselves in sports. This is however, only the beginning of their history as a united class, and there are three more years in which to accomplish great things. In looking back at the end of three years they wish to see that they have gone far toward becoming good students, good athletes, and good sports and can venture out into the world with a gayer heart.

E x e c u t i v e B o a r d

The Student Body Executive Board consists of most of the elective Student Body Officers as well as representatives from the Junior, Senior, Freshmen and Sophomore Classes, and the Faculty. It meets every two weeks to conduct the business of the entire Student Body. Chief among its duties is that of raising and administering Student Body Funds. This is no small task, for this year the budget called for more than eight hundred dollars. The Board has also acted as a Student Council to consider the Citizenship Record of students who have dropped to a low balance of merit points. The work of the Board, under the able leadership of your Student Body President, has contributed much to the success of the school this year.

C o r o n a l S t a f f

With twenty-two members on the Staff, The Coronal work started very shortly after school opened last fall.

Dale Crickett was chosen as Editor; Dick VanDerhoof, Business Manager; Barbara Root, Advertising Manager, and Frank Porter, Circulation Manager.

The Staff enjoyed a day at the beach as guests of Barbara Brownfield, one of the Staff.

Full cooperation of all Staff members was enjoyed, without which the 1936 Coronal could not have been produced.

Scholarship Society

The Scholarship Society of Corona is a member of the California Scholarship Federation. It consists of twenty-four members, the largest membership since 1928. It requires ten points to become a member, eight of which must be based on scholarship. The high-point member this year is Barbara Root with seventeen points. Members are given special privileges and awarded pins. Over seventy per cent of the group are actively participating in extra curricular activities.

Girls' League Cabinet

The present Girls' League began under the auspices of a Girls' Student Welfare Committee in 1922. Its purpose was to solve girls' problems with rules, such as: No low-cut blouses, no silk stockings or rolled socks, and no cosmetics or excessive jewelry.

This rugged committee was transformed into the Girls' League in 1923 with the help of Pasadena High School. Its purpose is loyalty, charity, honor, courtesy and fellowship.

B o y s ' F o r u m

The Corona High School Boys' Forum was started in 1935 and proved so successful that we are going to continue.

The purpose of this club is to raise the morals of the boys and better the feeling between them.

This organization meets once a month. We usually have a speaker or some other type of entertainment.

This year's officers are as follows: President, Charles Swan; Vice-President, Bob Pierce, and Secretary, Vernon Lieb.

G I R L R e s e r v e s

The Girl Reserves is a high school organization affiliated with the Y.W. C.A. and Women's Council of this city. Its purpose is "to face life squarely" and "to find and give the best." The program theme for this year is "Fiber and Finish." There are two meetings a month, one varies from sports and parties to welfare and service work, and the other one is a supper meeting followed by a short business meeting.

H I - Y

The Hi-Y is the high school branch of the Y.M.C.A. The club meets twice a month. One meeting is informal, the other meeting is a formal dinner meeting. Among the dinner meetings were the Hi-Y-Girl Reserve Party, Father and Son Night, Faculty Night and Ladies' Night. The purpose of the club is "To create, maintain and extend throughout the high school and community a high standard of Christian Character."

K o - H i - N u r

As specified in the Student Body Constitution, THE KO-HI-NUR is written and edited by journalism students. Its sixteenth issue for 1935-36 is the big Senior number, second six-page special.

Member of the N.S.P.A. and the S.C.H.S.P.A., THE KO-HI-NUR inadvertently entered the Columbia Press Association contest and won an award.

The policy of the Staff is, as nearly as possible, to publish all the news of Corona High, without prejudice, in readable form.

Ko-Hi-Nur Mechanical Staff

Printers' Devils every one! This group of advanced printing students has done the mechanical work of the Ko-Hi-Nur for the past year. To them also fell the job work of the schools, among which was included 2000 48-page Pageant booklets, the 1936 Coronal, Teachers' Directory, and a multitude of other jobs.

Much night work was necessary—to which the boys responded not only by their presence, and their willingness to work, but also with pounds of peanuts!

O r c h e s t r a

The High School Orchestra which consists of approximately twenty-five members, under the direction of Mr. A. E. Franklin, who assists at student body assemblies, Public Forum, class plays, Operettas, and some community occasions.

Ensemble groups play for the different service clubs, city organizations and advanced players respond to calls for individual solos.

The Boys' Band group plays for football games and other athletic events.

A C a p p e l l a C h o i r

The A Cappella Choir was organized in May, 1935 and made its first appearance commencement night. Rehearsals before school have continued this year and our eighteen members have appeared before the student body, Riverside County Teachers' Institute, East Vale with future dates for Music week, churches, and commencement. Selections range from the sacred music of Bach, Elgar, Mendelssohn, Ippitof - Ivanof to secular music of Brohms, Maunder, Macfarren, Purcell and Benet.

G i r l s G l e e C l u b

The Girls' Glee Club has presented a pretty picture and a pleasing atmosphere every place they have appeared. Light colored dresses with the bright yellow capes with music department insignias. Appearances have been made before woman's club, churches, schools, service clubs, P. T. A., student body assemblies, special day celebration entertainments. Most of the leading parts and the chorus have consisted of members from our club in the operetta.

B o y s ' G l e e C l u b

The motto of our Glee Club has been to give and get pleasure. The membership throughout the year has remained between twenty and twenty-five. We have participated in high school assemblies, in the operetta, in concerts and have sung before service clubs. Quality of tone has been stressed. A sextette was chosen from the group. We hope to win a club in the high school. President, Frank Porter; Sect. Treas., Harold Johnson; Director, Mary G. Brown.

D e b a t e

Corona High's Debate season was most successful. The squad, composed of Spoon, Ranny, Jameson, Lewis and Miller, and ably managed by Garvey, took second place in the Citrus Belt Debating League, losing the championship, by a narrow margin, to San Bernardino. Redlands, Chaffee, Pomona, Colton, and two Riverside teams were our victims. In the state tournament we avenged ourselves on Covina and San Bernardino, and added the scalps of two Santa Ana teams, two San Diego teams, Visalia and Beverly Hills. By virtue of these wins, Corona was awarded for the first time in her history the Cup signifying the State Debating Championship. Albert Lewis, in extempore speaking, and Harold Johnson, in Oratory, likewise reached the semifinals in State Tournament. Corona High School was chosen by the National Broadcasting Company to present a radio debate over National hookup. May 13th.

L e t t e r m e n

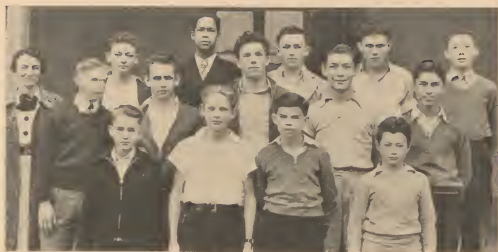

The purpose of the Lettermen's Club is to sponsor a wholesome spirit of athletics, encourage participation in sports, enforce training rules, and better athletics in Corona High School in every way. Thirty fellows are now members. About fourteen new members will be "welcomed" at our annual initiation at the close of track season.

The officers are: Charles Briggs, President; Bob Pierce, Vice-President, and Dale Keast, Secretary-Treasurer. Coach Thome and Jess Hill are advisors.

Fancywork and Knitting

With a membership of about 36 girls, the Fancywork Club is the scene of numerous activities, of which knitting was the most popular at first. A number of sweaters of various colors and designs were finished by members of the group. During the second semester more interest was shown in embroidery and quilt blocks.

B o y s C o o k i n g

Every boy who is a member of the club likes it; he comes in with the desire to learn a few of the fundamentals of cooking and everyone participating in the work will boast his time was not wasted.

Miss Hutchinson, sponsor of the boys' cooking club, merely gives suggestions while the boys themselves choose the project that they would like to illustrate for the next club meeting. The Club is based on the Merit System.

Girls' Athletic Association

The Girls' Athletic Association is an organization consisting of girls who have earned one hundred or more athletic points.

To earn points a girl must be able to make the class team. She may earn points for being captain of her class team.

When she has five hundred points she receives a letter, and if she has been on any of the school teams, she may have the emblem of that sport on her letter.

P e p C l u b

The Pep Club was formed for the purpose of encouraging the students to go to the foot-ball games- also to add pep and interest to our games. To be a member you had to have G.A.A. points, there are thirty two members. Our uniforms were made up of red cord skirts and yellow satin blouses. We used these colors because Crimson and Gold are the school colors.

International Friendship Club

This is a voluntary organization, its main purpose being to further the students' knowledge of world affairs. Weekly discussions concern current happenings of local, national, and world wide importance.

Italy invades Ethiopia, League of Nations sanction war materials, Laval dictates policies of the French and the death of King George V constitute a few of never-ending panorama in current history.

G a m e s C l u b

The members of the Games Club, who are more than forty in number, meet in the Study-Hall under the direction of Mrs Hyatt. They gather around the tables and play many kinds of games, the most popular being, bridge, checkers, rummy, and puzzles of various sorts. At present, plans are being made for a bridge and checker tournament to be held soon. No officers have been elected as there has been no need for them.

L e m o n v i l l e

There is no tradition in our High School comparable to Lemonville. Alumni, townspeople, and friends show intense interest and enthusiasm for this unit of school life. Since its original performance as big "townfair" burlesque, Lemonville, plays, stunts, operettas and class skits have shared honors.

The latest activity for this famed event was in the form of class skits. "In a Persian Market," given by the Class of '36, received the coveted award.

S e n i o r P l a y

A new high for entertainment was set by the Seniors when they presented "Big Hearted Herbert" to a packed auditorium. This refreshingly different comedy by Sophie Kerr was the starring vehicle for Evelyn Jameson and Vernon Leib, and they were most ably supported by an all-around good cast.

The money derived from these plays goes to a fund from which the Senior Class leaves a memorial to the school.

J u n i o r P l a y

It was called the most popular play of adolescence ever written! There was no exception later when our Juniors presented "Growing Pains" on November 22nd. This hilarious comedy, featuring Doris Gorell, Lester Tilson, Barbara Brownfield, Dorothy Wilson, and Walter Tilson, uncovered a surprising amount of new dramatic talent for our high school. It's the opinion of the dramatics coach that next year's plays, featuring this group, will be almost professional.

the same time, the *Journal of the American Medical Association* (JAMA) published a similar editorial, but with a different focus.

The JAMA editorial, titled "The Role of the Physician in the Prevention of Disease," emphasized the importance of the physician in promoting public health and preventing disease.

It stated that the physician's role was not limited to the treatment of individual patients, but also included the responsibility of educating the public and advocating for health policy.

The editorial argued that the physician's role in prevention was essential for the health of the community and the nation.

It called for a greater emphasis on preventive medicine in medical education and practice.

The editorial also discussed the importance of the physician's role in the development of public health programs and policies.

It concluded by stating that the physician's role in prevention was a fundamental part of the medical profession's commitment to the health of the people.

The editorial was a significant contribution to the discussion of the physician's role in public health and prevention.

It provided a clear and concise statement of the physician's responsibilities in this area.

The editorial was widely read and discussed, and it helped to shape the public's understanding of the physician's role in prevention.

It was a landmark document in the history of the medical profession's commitment to public health.

The editorial was a testament to the physician's role in the prevention of disease.

It was a call to action for the medical profession to take a more active role in promoting public health.
